Refer page no. 104-106, which show test/trial report has issued by Pious Laboratories which is not government organization.

v. Supply at international level:

Refer page no. 94-103, which shows bidder has exported farm inputs in year 2012, 2013, 2015 & 2016. We can't consider it because bidder has not submitted any documentary evidence which shows the integrity of manufacturing of approved organic farm inputs in those periods in their unit.
