1. ISH AGRITECH (P) LTD

A. Guideline for submission of proposals

- i. The outer envelope has not subscribed with correct title of assignment which has mention in EOI.
- ii. Most of the pages of supporting documents has not signed by authorized person. (Refer page no. 153 - 209)

B. Forms

Correct and up to mark

C. Minimum Eligibility / Mandatory / other Criteria

- i. Registration Act : Not as per EOI criteria
Refer page no. 5, which shows Bidder has registered under Company registration Act (Not comes under NGO's / Trust / FPO's / Firms or Societies registration act)
- ii. Bylaws has not submitted
- iii. Minimum 5 years Experience in Organic Field (NPOP):- No
Refer page no. 13-19, which shows that bidder has submitted total 6 scope certificates which has issued since 1st March 2014 to till 2019. But no any issued scope certificate has submitted for year 2016.
- iv. Affidavit :- Not acceptable
Refer Page no. 10, which shows bidder has not given correct declaration as per EOI. No any clarification are reflecting for past period.
- v. Detail Project Report :- Not accepted
Refer Page no. 159-174, where authorized person has not signed on any pages of DPR
- vi. Experience under USDA-NOP :- Not accepted
Refer Page no. 177-206 & 210-212, where authorized person has not signed on any pages of these documents.
- vii. Earlier experience in organic farming in Jharkhand:- Not accepted
Refer Page no. 175-176, where supporting documents which bidder has submitted for organic farming experience in Jharkhand are showing that one farmer's group (LEPSAR02) has registered on 16th Oct 2019 under PGS certification program in Ranchi district and suddenly on next day 17th Oct 2019 scope certificate has also issued for all registered farmers. This is very interesting that how in one day all works for 1st year has been completed by these group members. One more remarkable point is certified crop commodities are Soyabean, Bengal gram, kabuli chana in Angada block of Ranchi district which is really unbelievable. All these procedures shows many irregularities and malpractices were done under certification services which has performed by bidder.
Moreover tender has floated on 12th Oct 2019. So we can only consider any earlier experience means before 12th Oct 2019 and not after that.

D. Irrelevant Documents

- i. Registration of the organization:
Refer Page no. 6, This is commercial tax no. (TIN) which has issued on 24/02/2011 on behalf of Ish Agritech.
Bidder name is Ish Agritech Pvt Ltd which has registered under company registration act on 10/02/2014. Remarkable point is if Ish Agritech (P) Ltd has established in year 2014 then how they have got TIN no. in 2011.
Data shows that both agencies are either different or something has manipulated from bidders level.
- ii. Experience in organic field:
Refer page no. 11-12, which shows scope certificate has issued in year 2012 and 2013 is on behalf of Ish Agritech which is different agency.
